*Mr. Lu Yuping, a well-respected worker from the Land Tax Bureau, dies because of the persecution on May 30, 2009.*

Lu Yuping was a secretary at the Songling District Land Tax Bureau in Daxinganling District. He used to suffer from pulmonary edema. When he began to practice Falun Gong in 1995, he became very healthy. He conducted himself strictly according to the principles of the teaching of Falun Dafa. He was given the title of "Model Worker for Honesty and Uprightness" at the county level in 1996.

After the Chinese Communist Party (CCP) began to persecute Falun Gong in 1999, the authorities and the police from the Tax Bureau threatened Mr. Lu in order to make him give up his cultivation. Even his mother begged him to stop practicing Falun Gong. Mr. Lu was arrested in September 1999, and in October, the Songling District Court sentenced him to three years at Taila Sankeshu Prison for allegedly posing a threat to national security." On February 22, 2002, he was finally released.

On May 19, 2002, he was taken to the Jiagedaqi District Detention Center. Mr. Lu was handcuffed behind his back to a metal chair. The guards torture and humiliate him. They beat him using a special leather whip, their leather belts, the soles of their shoes, and handcuffs. When he passed out, they poured cold water over him to revive him and then beat him again. The guards then struck his back hard with a leather belt and whips until they were almost broken. Mr. Lu had difficulty breathing and almost fainted. The guards stuffed two burning cigarettes into Mr. Lu's nose. After the cigarettes burnt out, they took a bottle of liquor and forced it down his throat. The torture lasted from 10 a.m. to midnight before Mr. Lu was taken to a death row cell.

In October 2002, officials from the Jiagedaqi District Court in Daxinganling illegally tried Mr. Lu Yuping, sentencing him to 14 years in prison on trumped up charges. In March 2003, Mr. Lu was taken to Tailai Prison. On April 7, 2007, Mr. Lu developed sudden symptoms of diarrhea. He couldn't eat anything and became emaciated. He was transferred to the Tailai Hospital for treatment, and x-rays showed that he had developed "double pulmonary tuberculosis and an infection." At 3:40 pm on May 30, 2009, Mr. Lu died at Tailai Prison.

### Introduction to Falun Dafa

Falun Dafa, also known as Falun Gong, is a practice for benefiting physical health and elevating the mind. Introduced by Mr. Li Hongzhi in China, the practice consists of five gentle exercises including meditation, and diligent effort on the part of practitioners to follow the universal principles of Truthfulness-Compassion-Forbearance in daily life. Falun Gong is not only beneficial to one's own health and well-being, it also benefits others. Although the practice originated in China, today it is practiced throughout the world by people of all races and walks of life. In the face of the most brutal and vicious persecution perpetrated on them by the Chinese Communist Party, Falun Gong practitioners have found the spiritual strength to resist peacefully and tirelessly by upholding the principles of Truthfulness-Compassion-Forbearance.

## A Miracle Experienced by a Woman in Her 60s

(Clearwisdom.net) There is a lady in Yanji City who is now in her sixties. She suffered many kinds of sicknesses, resulting in diabetes. She took medicine for many years with no improvement. One day, she met a Falun Gong practitioner who told her about Falun Gong. He told her the advantages of Falun Gong, and asked her to recite "Falun Dafa is good, Truthfulness-Compassion-Forbearance is good" every day. The old lady read *Zhuan Falun* twice and recited the phrase every day.

Seven months after her meeting with that practitioner, she stopped taking all the pills. She went to a hospital for an examination and the long-term sicknesses were gone, including hyperlipemia, hyperglycemia and heart disease. She needed to avoid certain food before, but she can eat anything now.

She has benefited from the teaching of Falun Dafa and also told others about the advantages of Falun Gong. Having serious diabetes, her skin began to fester everywhere. Since she believes in Falun Dafa, her body has become better and better.

## Practitioners from Around the World Share a Common Wish

(Clearwisdom.net) On June 6, 2009, thousands of Falun Dafa practitioners held a large scale parade in Manhattan, New York. In the parade procession that was miles long, many Falun Gong practitioners were dressed in their own countries' traditional clothing. They were pleased to have the opportunity to share their experiences of benefiting from Falun Dafa with spectators.

Falun Dafa, also called Falun Gong, was introduced to the public in 1992 in China. The meditation and exercise is based on principles of Truthfulness-Compassion-Forbearance. In 1999, the Chinese Communist Party (CCP) launched the brutal persecution against Falun Gong, but the persecution didn't stop the practice from spreading. Instead Falun Gong spread to over a hundred countries. Practitioners continuously and peacefully appealed against the CCP's persecution.
