

## **Jiang Regime is Building a Gestapo**

By Long Yan

**(Clearwisdom.net)** As I was browsing on the Internet, I was surprised to learn that recently Jiang's regime had secretly convened a meeting, stating that the secret organizations involved with the suppression of Falun Gong--that is, the "610 Offices" of local governments-- have become increasingly inefficient. (this is an agency specifically created to persecute Falun gong, with absolute power over each level of administration in the Party and all other political and judiciary systems) Now he wants to directly open "610 Offices" in the National Security Council, the Public Security Bureau and the local police departments. The goal is to improve the efficiency of the persecution of Falun Gong. From the objectives of this organization, we can see that Jiang wants this new "610 office" to be absolutely obedient to his will. Examining the scale of setting up this project, it would obviously require a great amount of state funding. Jiang's criminal group keeps escalating the suppression; it is no wonder that recently there have been insufficient funds within the state treasury and an abrupt fall in the stock market. This is the direct result of all the money wasted by Jiang to suppress Falun Gong. During World War II, the Nazis had the Gestapo, the secret police of the Nazi state, which was free from any restraint by the German Constitution or laws. Instead, it was completely loyal to Hitler himself, and executed the personal will of the dictator. Its goal was to eliminate and eradicate political dissidents and to slaughter the Jewish people.

Once this new "610 office" of Jiang's regime is established, it will truly be a Gestapo-like organization, and Jiang's criminal group will use it to implement a Fascist tyranny in China. This will directly threaten and undermine the safety of the lives of hundreds of millions of Chinese people.

All Chinese people must act immediately, and completely expose and condemn this evil plot. Jiang's criminal group is moving against the tide of history, and has become an enemy of the People. His ending can only be the same as that of the Nazis.
