IN THE PEOPLE'S REPUBLIC OF CHINA

## **Editors' Note**

---

**T**his report examines the extensive and severe human rights violations in the current campaign against Falun Gong in the People's Republic of China. It seeks to provide an overview of the crackdown and put recent events into perspective by presenting case analyses, documented evidence and a brief but comprehensive introduction to Falun Gong as an advanced and benign spiritual discipline. It is hoped by the editors that this report will help improve public awareness of the degree and extent of the atrocities inflicted upon Falun Gong practitioners in China and, by extension, related human rights abuses elsewhere. We further hope that, through the efforts of kind-hearted people worldwide, the time will soon arrive for a peaceful dialogue between the Chinese Government and Falun Gong practitioners, and an early resolution to the escalating crisis.
